

MOU WITH DIFFERENT ABROAD UNIVERSITIES

1. SEMESTER ABROAD PROGRAM

Our university is spearheading the Semester Abroad Program, a unique initiative providing interested students with international exposure and global opportunities. The credits earned in the foreign university will be translated into Jeppiaar University credits by an approved conversion procedure and taken for the award of the degree by JU.

2. GLOBAL IMMERSION PROGRAM

The 1 week programme involves the following

To understand how language and culture are inextricably linked

To learn about local culture and how cultural identity is important

To learn about the University's entrepreneurship program

Skills needed to succeed in the emerging Indian industry

An internship will be provided

Industrial visits will be provided

IEEE competitions will be organized

Accommodation, Meals, and a University bus for local transfer are included so one can focus on making the most of the unique experience

3. RESEARCH COLLABORATIONS

These collaborations are sometimes formal collaborations between universities or informal, organic collaborations between researchers and faculty members. This research aims to explore shared areas of interest and to identify potential opportunities for collaboration and engagement.
